

# BISBEE DAILY REVIEW

VOLUME V.

BISBEE, ARIZONA, SATURDAY MORNING, DECEMBER 21, 1901

NUMBER 175

The Copper Queen Store.

Our today's advertisement appears on local page.

## OLD NICK

wants to come to Bisbee.

SANTA CLAUSVILLE, Iceland, Dec. 12, 1901.  
MR. A. P. SKINNER, Main St., Bisbee Arizona,  
DEAR SIR:—In looking for a location as a distributing point, for my visit to the dear people of Bisbee. I find your store most central and I take the liberty of asking permission to make my annual display in your window.

The articles I have concluded to present this year to your townspeople, consists of good warm Underclothing, Socks and Shoes, as well as a nice collection of stylish Hats, pretty Shirts, and some of the most fetching Neckwear I have ever seen. I have about concluded to wear one of the ties myself, instead of my fur coat, THEY ARE SO WARM.

I will bring several dozen dress gloves, silk lined, that make you feel like a real Prince.

You know I never used to wear suspenders, but this year I have such pretty silk ones that I couldn't resist the temptation to put a pair on, and do you know I actually feel young again. Did I tell you about the fancy hose I am wearing. My goodness, I am getting too giddy for anything. OH, BUT THEY ARE WARM ONES; and of course I had to don a pair of those sky blue Boston garters you told me about.

Now, Mr. Skinner, I know this is imposing somewhat upon your good nature, but as there is no other location in Bisbee that suits me, I earnestly hope you will grant my request, and I will try and see that you do not regret it.

Very sincerely yours,  
SANTA CLAUS.

P. S.—I would like to arrive between the 15th and 20th if agreeable with you. S. C.

## A Few Good Hints

In the way of Holiday Gifts. Something novel in wearing apparel is always an appreciated present. Our line of novelties for both ladies and gentlemen surpasses anything ever shown in Bisbee.

Gold and Silver headed Parasols,  
Mexican hand carved Purses and Books.  
Silk Scarfs and Shawls.  
Steel cut Chatelaine Bags,  
Mexican Drawn Work Handkerchiefs.  
Needle Work Silk Handkerchiefs.  
Silk Mufflers,  
Four-in-Hand, Puff, Club and Bow Ties,  
Fancy Silk Suspenders.  
Fob Chains,  
Ladies and Gents Silk Hosiery,

and many other items too numerous to mention. Come in and look at them and make a wise choice. We will help you.

**Diamond Bro's.**  
The White Front Dry Goods Store.

## Boiler Explosion at Pittsburg Steel Works.

Pittsburg, Dec. 20.—At noon it is generally reported that from ten to twenty men were killed at the Black Diamond steel works explosion this morning. It will not be known just how many are dead until the wreckage is cleared away. The explosion occurred shortly after four o'clock. The four boilers in mill No. 3 burst, scattering death and destruction. The wreck is complete and the debris is piled fifty feet high. Six dead and twelve seriously injured have already been removed. Five of the dead are not identified, so horrible is their mutilation. Sixty men were at work when the explosion took place. The injured and dead were found under the wreckage and in the yard of the mill where they had run in hopes of saving their lives.

## DISTRICT COURT.

Several Bench Warrants  
Are Out.

Several Cases Disposed of by  
Consent—Wilson Case Continued—Marriage Difficulties.

PROCEEDINGS THURSDAY.

Case of Dolores Gallego was the first one called for trial. He was charged with assault to commit murder. On July 4 Gallego, in an affray at Fairbank with one Cipriano Chavez, cut Chavez seriously with a good sized pocket knife. District Attorney Land conducted the prosecution and Attorney Goodbody the defense.

The jury selected to try Gallego were: Jesus Pacheco, Alex Chisholm, Gabe Shout, James A. Lamb, W. D. Kinsey, John Jolly, G. P. Ballinger, William Allison, W. E. Bailey, R. A. Casada, C. L. Blackburn and W. G. Goodman.

The evidence very clearly established the foregoing facts and the attorney for the defense did not direct his efforts toward securing an acquittal, but to convincing the jury that the affray was merely a drunken row and offense committed would be sufficiently punished by a verdict of simply an assault.

This case occupied the court for the morning session and recess was taken till 1:30 p. m.

AFTERNOON SESSION.

Opened with calling the case No. 817 Jesus Bringsas, indicted for burglary. Charles Bowman, assistant District Attorney appearing for the prosecution and W. P. Miller for the defense. The sleeping apartment here of one James Reese, a colored musician, was in June last entered and robbed of numerous articles of clothing, etc. Bringsas was shortly afterward arrested in Bisbee and most of the stolen articles found in his possession.

The only argument offered for the defense by Attorney Miller was that the mere fact of the possession of the stolen property could not be taken as conclusive proof that the defendant had committed the burglary. The defendant in testifying in his own behalf had stated that he had received the property from another Mexican and

named him. However, the jury after being out hardly twenty minutes returned a verdict of burglary in the first degree, through their foreman, Lewis Hunt. Bringsas is a young intelligent looking Mexican, who has been about Bisbee a great deal.

The case of Thomas Wilson, assault to commit murder, was called and by agreement was continued for the term.

Attorney Miller, for the petitioner, made application for a hearing in the case of Walker vs. Walker. These are Bisbee people, and Mr. Walker seeks the annulment of his marriage of fifteen or sixteen years ago on the ground that Mrs. Walker could not, at that time, contract a legal marriage, having a husband living from whom she had not been divorced. Attorney C. T. Clark is on the record as the attorney for the defense, and asked a continuance on the ground that having understood there would be no civil cases heard this term he had advised his client that the presence of herself and witnesses would not be necessary. The order of the court was that the defense make a proper showing as to grounds for continuance or the case would proceed to a hearing today.

Application was made for a hearing in the case of Sarah D. Pardon vs. W. W. Pardon, asking alimony, but after explanation by attorney Miller for defense a continuance was granted.

At 4:50 p. m. the jury in the case of Dolores Gallego, through their foreman, W. D. Kinsey, returned a verdict of assault to commit murder. Saturday the 21st, was set for sentence by the court.

Charles W. Edney, charged with perjury. Demurrer to indictment overruled and defendant ordered to plead.

At 5 o'clock a recess was taken until 7:30.

NIGHT SESSION.

Charles W. Edney, charged with perjury, entered a plea of not guilty. Case set for trial Saturday morning, English for defense.

The sheriff reported having L. J. Moore in court in custody, and Moore was called upon to plead to indictment charging him with the murder of Louis Krohn at Turquoise in July last. English appeared as counsel for defendant and waived statutory time to plead, a plea of not guilty being entered.

Case of J. N. Johnson, assault to commit murder, called. Defendant is on bail. Not answering, a bench warrant for him was ordered issued. Recess till 9:30 a. m.

Henry Kriemer of Bisbee was admitted to citizenship, Gus Landau and Lee Henkel appearing as his sponsors.

Iron work will be done in our shops at El Paso.

U. S. Commissioner Geo. B. Wilcox has received the following notice from Register Milton R. Moore, which is of interest to residents of Bisbee and Douglas:

"Notice is hereby given that plats of township 13 South range, 21 East and township 24 South range, 23 East, have been filed in this office, and that lands in said townships will be open for entry at 9 o'clock on and after Monday, January 27th, 1902.

The location of the above described land lies between the town of Douglas and Forest station on the line of the Southwestern Railroad of Arizona.

**El Paso Company Gets Contract**

The Mine and Smelter Supply company of El Paso was the lucky company which secured the contract for the building of the Calumet smelter, which will be located at Douglas. Mr. T. H. Tracey, the Arizona and Sonora representative of the company, has been in Bisbee for several days consulting with Superintendent Merrill as to time of delivery and erection of the plant.

"We were up against some pretty big people," said Mr. Tracey, speaking of the contract, "and the Calumet officials thought we did not have the capacity to turn out a job like this, but when I cited them several instances where our company had made large contracts for mines and smelters in Arizona and Mexico, and fulfilled our part in the time specified and the manner of work, and took some of the directors to see what we could do in the building line, they seemed satisfied and we got the order. Every bit of the

that thoroughfare. The committee has reason to believe now that the property holders along that thoroughfare are now in sympathy with the movement, and consequently the lines were so extended.

Surveyor George C. Clark is at work this week preparing a new map of the proposed city limits, which roughly are as follows:

Including all property in Tombstone canyon, on Quality hill and School hill and extending west just above J. G. Pritchard's residence. All property on Brewery avenue, Chihuahua hill and down the canyon to a point this side of the Bisbee mercantile store, when the line crosses the canyon and joins the railroad track, which is made the south line to a point in the rear of J. B. Angus' store.

The committee are sanguine that their efforts will be crowned with success, and as soon as the new map is completed showing the proposed boundaries the committee will prepare the necessary petition and present it to the people for their signatures. It is hoped that the necessary petition will have been completed by the January meeting of the board, and before 1902 has grown very old Bisbee will be on the high road to prosperity under a clean, business like city form of government.

## EKLS SOCIAL.

One of Those Pleasant Events  
in the Annals of Elklod.

Every now and then the Elks make up their mind to entertain their friends. It's not necessary in Elklod for all to give unanimous consent. Some "Old Buck" generally suggests it and the young "kids" take hold and push the thing through.

Last night at the Opera House it was an Elks social. Nothing very ostentatious. Just quiet stag time with Hi Henry's Minstrels in the main points and a cold collari n with Elks milk on the side. This Elks' milk is really very strengthening.

Hi Henry was given the seat of honor and presided at the social session and the program rendered by member of his company was enjoyed in a manner that showed their efforts were highly appreciated.

Billy Clark, the funny man of the show, sang his best songs and recited some recitations of his own composition and kept the audience in a roar of laughter. Al Gates, the running mate of Billy Clark was equally as clever and his singing of comic songs was a feature of the evening.

The dancing of Messrs. Corrigan and Dove was the best ever seen on the Bisbee stage.

Messrs. Cook and Hall, in their musical act, made a hit and called forth two encores.

Several Elks were among the Hi Henry Minstrels and were glad to help out in the social session.

During the different numbers on the program refreshments were served and all who attended went away believing that the Bisbee Elks are some of the best people on earth.

## BISBEE ROAD

Buys More Property in El Paso—  
Depot Talk.

A deal has been closed between the El Paso and Southwestern railroad and the A. H. Loomis estate for 102 feet on the west side of Stanton street near Franklin. The buyers pay a price of \$22,500 for the property.

"The ground purchased will probably be used for switch yards," said Chief Engineer Leffingwell of the El Paso and Southwestern road this morning. "This is not positive information, though I think the plan at present is to use it for that purpose. It is right in line with our right of way and had to be bought."

"We have not decided yet where to locate our depot. It all depends on whether a union depot is built in this city. Should one be built in time we will use it and not build one for ourselves. Waiting to find out what is going to be the outcome is the cause of our holding back."

The property purchased is now vacant save a small building occupied as a store. An effort is now being made to buy the interest of the storekeeper in order to clear the ground of everything.

The price paid for the property is considered high, and is taken to mean that property in that locality will bring better values in the future. An official of the El Paso and Southwestern road said this morning that the right of way through the city west of the office buildings had been secured.—El Paso Herald.

Two or three other baking powders are almost as good as Schilling's Best.

Some other baking powders are pure; some are well-made. None other than Schilling's Best is both pure and well-made.

Your grocer has it.

## Admiral Sampson Makes Vigorous Protest.

Washington, Dec. 20.—Admiral Sampson's protest against the findings of Admiral Dewey reached the navy department at noon. The protest is quite a vigorous one. He disapproves especially that part of Dewey's note where he says Admiral Schley was in absolute command of the fleet at Santiago. Sampson declares this is not true, and that he alone had charge of the entire fleet and Schley should have simply acted under his direction.

## Senator Hanna's Laudable Ambition

New York, Dec. 20.—"I would rather have the credit of making successful the movement to bring labor and capital into closer relations of confidence and reliance than be president of the United States."

"If by resigning my seat in the United States senate I could bring to fruition the plans that we are now fostering to make strikes, lockouts and great labor disputes impossible I would gladly do so."

"I think it is the grandest thing that could be accomplished in this country. I would no greater monument than to have the world remember that I did something to end wars between American labor and American capital."

These words, says a Washington dispatch to the Herald, were uttered today by Senator Hanna of Ohio, chairman of the Republican national committee, who, with his face aglow with earnestness, spoke of the progress that has been made in the way of conciliating men of millions and men of muscle in the industrial world.

With this work Senator Hanna has had more to do than any one outside of intimate associates has ever suspected. He has given the American Civic Federation an impetus that will probably result in conference of leading capitalists and labor leaders, to be held in New York next week an epoch making affair.

To attend this conference Senator Hanna went to New York tonight, and before he departed gave an interview in which he told of the progress of the idea of industrial arbitration and of his efforts in the cause that he puts higher than a seat in the senate or a home in the White House.

In his interview Senator Hanna told some things about recent labor troubles that have not been suspected, and they are all the more important in view of the fact that he has participated in them and that they have led to the movement, of which he is a part, assuming its present proportions.

## Secretary Gage Will Soon Resign

Washington, Dec. 20.—Secretary Gage requested the President to accept his resignation this morning. Secretary Hay is quoted as saying that he would not resign until canal matters are fixed.

## President Roosevelt Resents Indignity

Washington, Dec. 20.—After a conference with Secretary Gage this morning the President decided to remove appraiser Wakeman at New York at once. It is a direct case of summary dismissal. Wakeman wrote President Roosevelt a letter speaking offensively of Gage, the indignity of which President Roosevelt did not overlook.

## Yuma Quarantined.

Phoenix, Ariz., Dec. 20.—The territorial board of health took steps this morning to establish a quarantine at Yuma. A dispatch from there says reports of a wide-spread smallpox epidemic are exaggerated and that there are less than 100 cases instead of nearly 1000 as had been reported from there. The disease is of a mild form and came from the Indian villages below Yuma, on the California side of the river. Armed guards are now patrolling the river and keeping the Indians from the city.

## Extreme Cold Weather.

St. Louis, Dec. 20.—The weather is very cold here today, interfering with world's fair program and prevented the big military parade and outdoor exercises. It was necessary to heat the ground in order to go through with grand breaking of ground ceremony.

## Otero Is a Winner

Washington, Dec. 20.—A Correspondent of the Western Press Association is informed today upon the highest authority that the protest against the confirmation of Governor Otero of New Mexico will be unavailing.

## Labor Appeals to the President

Chicago, Dec. 20.—The Chicago Federation of Labor at its meeting yesterday adopted a memorial to congress which protests against government by injunction and asks that action be taken limiting the power of federal judges in the matter of labor disputes.

The memorial is addressed to the President, senators and members of the House of Representatives of the United States. In its opening paragraph it points out that the federation is a central body composed of delegates representing the labor unions of Chicago which have a membership of more than 115,000. Several recent injunctions of a sweeping nature dealing with labor trouble are cited as a reason for the action asked.

## Episcopal Bishop Philipine Diocese.

Boston, Mass., Dec. 20.—The Rev. C. H. Brent, rector of St. Stephen's church, was consecrated as the first bishop of the new Episcopal diocese of the Philippines today at 11 o'clock at St. Stephen's church. The witnesses of the ceremonial and services accompanying the consecration were members of the church over which the rector presided, the rectors, vestrymen and members of the congregation of other Episcopal churches.

## Old Landmark Will be Sold

Philadelphia, Dec. 20.—The site and building of the old United States mint, which for more than a century has been a landmark at the corner of Chestnut and Juniper streets, were put up for sale at auction today. The old building stands in the very heart of the business district, and the site will be purchased for the erection of a bank or other financial institution.

## A Brilliant Banquet.

Kansas City, Dec. 19.—Men distinguished in warfare, diplomacy and statesmanship will be heard tonight at the banquet of the Kansas City Commercial club in commemoration of the signing of the Jay treaty. The guests of honor will be General Arthur MacArthur, "Private" John Allen, Minister Wu and D. R. Francis, president of the Louisiana Purchase Exposition.

## Verdict of Guilty

London, Dec. 20.—The jury this morning found the Jacksons guilty of gross immorality. The judge thereupon sentenced Jackson to fifteen years penal servitude and his wife, Ann Odella Dis de Bar, to seven years.

## Two More Deaths

San Francisco, Dec. 20.—Two more deaths occurred today as a result of a wreck on the coast division of the Southern Pacific trains yesterday.

## DOUGLAS HOLD UP

An Exciting Scene in a Saloon  
on the Border.

A telephone message from C. A. Overlook yesterday gave the first information of an attempted hold up Thursday night of White's saloon. Two men rode into the place about 11 o'clock and demanded the money in the house. A. G. Evans grabbed a rifle and tried to use it but was shot by one of the robbers. The highwaymen then walked out of the saloon and mounting their horses rode off in the direction of Deming, following the line of the new railroad.

Evans was picked up by parties who came into the saloon after the robbers had left, and was carried to a room and a doctor summoned. On examination a bullet hole was found under the left nipple just below the heart. The ball was not located by the doctor in attendance. Evans was bleeding inwardly and pronounced mortally wounded by the doctor. Evans is well known in Bisbee, having worked for E. B. Mason for some time prior to moving to Douglas and was well liked by his associates. The men who did the shooting are known in Douglas and officers are in pursuit and expect to land them in jail in a short time.
